Guest Speakers Lectures & Advanced courses
2025**

Thursday, February 20th, 15:00 (CEST)

"Pancreatic ductal adenocarcinoma: a focus on iron metabolism"

Prof. Joseph D. Mancias
Dana Farber Cancer Institute,
Boston (USA)

Prof. Joseph Mancias (MD, PhD) is an oncology physician-scientist at the Dana-Farber Cancer Institute and Brigham and Women's Hospital, and assistant professor of radiation oncology at Harvard Medical School. His laboratory focuses on the biology of pancreatic cancer (PDAC) and has made a fundamental contribution to understanding the role of autophagy, particularly ferritinophagy, in PDAC progression and resistance to therapy.
